

The Fairey **ROTODYNE**

THE FAIREY ROTODYNE, A UNIQUE MODEL
DESIGNED AND BUILT BY JIM MORLEY OF
MORLEY HELICOPTERS

The Fairey Rotodyne was built in 1956 and was first flown in 1957. It was designed for inter city transport with 35 to 40 seats, and was flown at the Farnborough Air Show and the Paris Air Show in 1958/59. The

aircraft held the World speed record of just under 200mph in 1959, plus the London to Paris and Brussels record.

The innovative design used tip jet power to the main rotor for take off
